

K HARISH ARJUN

Senior Product Manager · AI Product & Agentic Features · Enterprise & Consumer SaaS · 0 to 1 Builder · NIT Warangal (ECE) · MBA
k.harisharjun@gmail.com | +91 78933 67334 | linkedin.com/in/harisharjun | arjunuvacha.com

- 8+ years building products across **B2C consumer apps, enterprise SaaS, and HR tech**: 0 to 1 to 10 across ed-tech, health-tech, construction-tech, and event-tech; and 10 to 100 at enterprise SaaS serving **1,400+ global clients**. Known for converting ambiguous mandates into shipped, adopted products with measurable business impact.
- [AI] Built AI-native Helpdesk** at Darwinbox: **Super Agent** deflects tickets before they are raised; **AI Assistant** equips agents with contextual diagnosis, RCA, and auto-drafted responses - together saving **40% of human agent time**. Built **knowledge/context graph** with 20 entities and 100+ Evals; ran a PM-led POC where PRDs generated functional end-to-end code.
- Key outcomes: **saved 40% human agent time at 50,000+ employee** enterprise clients; **6.5× weekly retention growth**; **10× revenue scale** in 6 months; built product managing **\$11.5M inventory** quarterly; **+50% B2C sign-up conversions**; scaled 0 to **INR 50K MRR** as founder.

PROFESSIONAL EXPERIENCE

Product Manager II · Darwinbox · Hyderabad · Enterprise HCM SaaS · 1,400+ clients globally Apr 2025 - Present

- [AI] Shipped AI-native Helpdesk** adopted by ~60% of Darwinbox's 1,400+ global clients, including large enterprises with 50,000+ employees: **Super Agent** deflects tickets before they are raised; **AI Assistant** delivers contextual diagnosis and auto-drafted responses. Together they save **40% of human agent time**. Built **20-entity knowledge/context graph**; 100+ Evals as pre-launch quality bar; PM-led AI dev POC where PRDs generated functional end-to-end code.
- [AI] Led Helpdesk revamp and omnichannel rollout** (Teams, Slack, Email): cut production issues from **18 to <3/month** across 1,000+ clients. Grounded in **11 city visits, 39 organisations, 100+ gaps** surfaced across clients varying in size, industry, and HR maturity.
- Defined Employee Relations module 0 to 1**: primary research to business case to vibe-coded prototype to **CPO/sales/finance greenlight** (\$500K ARR). Led cross-functional pod (engineering, design, QA, CS) to **100% on-time, zero-defect releases**.

Product Consultant · Vishwa Samudra Engineering · Hyderabad · Construction Tech · \$350M+ turnover Mar 2023 - Jan 2025

- Built **0 to 1 material management SaaS** for a 10,000+ employee conglomerate: tracked **\$11.5M** worth of construction materials and equipment inventory quarterly, reducing operational hassles and pilferage; reduced safety incidents from **25+ to less than 10/quarter**, fatalities **zero**; digitised 100+ quality tests and 25+ site inspections daily. Led team of 10, reporting to MD.

Senior Product Manager · Phable Care · Bengaluru · Consumer Health-Tech Jun 2022 - Jan 2023

- 40+ user interviews** to diagnose friction; shipped patient queue experience; grew weekly retention **6.5× (10% to 65%)**. Built payments product cutting Ops TAT **66s to 28s**.

Product Manager · Bengaluru · Consumer Ed-Tech Nov 2019 - Jun 2022

- Cuemath** (Product Manager, Mar '21-Jun '22) · Built 0 to 1 freemium product for the US market; ran A/B experiment with 300 parents (freemium vs. custom tutor matching) to optimise sign-up and enrolment flow; generated **500+ monthly US leads**; improved demo-to-enroll from **18% to 29%**, enrolment TAT **-30%** (2.9 to 2.02 days).
- Edureka** (Associate Product Manager, Nov '19-Jan '21) · Built 0 to 1 enrollment product that scaled revenue **10× (₹500K to ₹5M)** in 6 months; hot-lead TAT **-33%** (30 to 20 days). Separately, landing page revamp drove traffic-to-lead **3.6% to 4.8%**, learner sign-ups **+50%**.

Regional Sales Lead · Treebo Hotels · Bengaluru · Hospitality Tech Mar 2017 - Jul 2019

- Grew revenue **₹1.8M to ₹4.7M** in 6 months; onboarded **150+ clients**; reduced sales outstanding **100 to 55 days**. Led a team of 10.

Co-founder · WhatsDplan · Hyderabad · Consumer Event-Tech Mar 2015 - Mar 2017

- Built B2C event discovery app **0 to 1** as product and growth lead; **5,000+ installs**; MoUs with Zomato & EventsHigh; MRR **₹0 to ₹50K**.

PERSONAL PROJECTS

Career Kria · AI Career Practice SaaS · Solo Build · careerkria.com 2024 - Present

- [AI] Built full-stack AI SaaS independently**: **OpenAI API** (structured output, AI-scored assessments), Deepgram (voice), Razorpay (payments); stack: **Next.js/React, FastAPI/Python, PostgreSQL**. Full product, UX, and engineering ownership - no co-founder, no dedicated engineer.

Arjunuvacha · Personal Blog · Product, AI & Career · arjunuvacha.com 2020 - Present

- Personal writing on product management, AI, and career building.
